Total violations: 2

| Impact   | Rule ID        | Description                                                | Elements affected |
|----------|----------------|------------------------------------------------------------|-------------------|
| serious  | color-contrast | Elements must meet minimum color contrast ratio thresholds | 4                 |
| moderate | heading-order  | Heading levels should only increase by one                 | 1                 |

## Accessibility

These checks highlight opportunities to [improve the accessibility of your web app](#). Automatic detection can only detect a subset of issues and does not guarantee the accessibility of your web app, so [manual testing](#) is also encouraged.

### CONTRAST

-  Background and foreground colors do not have a sufficient contrast ratio. 

These are opportunities to improve the legibility of your content.

### NAVIGATION

-  Heading elements are not in a sequentially-descending order 

These are opportunities to improve keyboard navigation in your application.
